

Sustainable

Perfect for:

- Light to mid-weight items
- Move with a fork-truck
- Rapid installation
- Up to 200kg per shelf
- Customised sizes available
- High-density options

Robust, sustainable pickface units

Made from 85% recycled material, these pickfaces may look like cardboard but their innovative honeycomb board construction is rigid, robust and is ready to hold significant loads up to 200kg per shelf
